

# Help us Feed the Kids

Dear Children's Home Family,

Many of us have never felt true hunger after days or weeks without proper nutrition. Food provides so much more than just nutrition. Psychologically, an abundance of food provides security and a feeling of well-being. Instead of being concerned about where the next meal is coming from, our children are able to spend more time playing, dreaming, and just being a child.

So many of our children come to us hungry, literally starving, but not just for physical needs. They come hungry for security and the feeling of safety we often take for granted.

At the Children's Home, we want our kiddos to know they won't be without; without food, shelter, and security. They won't be without a place to play, a place to grow, and a place to be safe. With open, fully-stocked pantries and refrigerators, our children know that food will not be something they need to worry about while they are here.

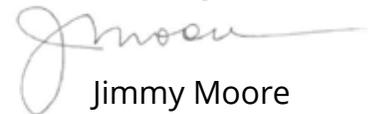

We don't stop there. By addressing their hunger, it allows us to address the deeper issues. It allows us to make connections with these hurt children. Our boys and girls enjoy a family atmosphere with our houseparents. They enjoy attending church on Sundays. They enjoy playing outside and riding bicycles. Our campus strives to be a place of joy and growth for our kiddos.

I know you want to help provide security for our children. I know that you want to help them feel safe enough to plug in, to connect to a church, and to open their hearts. It costs the Children's Home of Lubbock \$5 to feed one child per day on our campus. That's breakfast, lunch, and dinner (plus snacks).

**The math is simple. Every \$5 you donate will be a day you are providing security to our precious children. They depend on you!**

**\$5 A DAY  
\$35 A WEEK  
Feeds a Child**

Blessings,

  
Jimmy Moore
